Jaypee Vidya Mandir (city campus) Anoopshahr organised workshop on “Enhancing Quality Education” on 08.05.2018. A well-known name in teachers training and various types of workshops, Mrs Rashmi Chari having more than 30 years of experience in education and training sector conducted a participative workshop in school. She is currently Member of Education Research & Innovations Committee (ERIC) of Minister of HRD, Government of India. She has conducted thousands of training sessions in India and abroad. She has also been invited as resource person in workshop organised by international agencies such as WORLD BANK, UNODC and UNFPA on various aspects of school education in India.

The workshop comprises three sections Preprimary, Primary and Senior Section.

In her introductory address she stressed that the teachers have to set goals and should focus to achieve the desired success in every field of education. She further stressed that teachers should use modern teaching methodologies in their teaching. Every teacher should be committed to enhance the creativity, innovation and project based learning in the school.

During preprimary and primary session she highlighted various innovative ways to tackle small kids and various techniques that can help them to improve the quality of their teaching approach and to make it more attractive for their pupils.

In her session with senior secondary teachers, she advised them to make curriculum of their respective subjects. This task was done enthusiastically by the teachers. She focused the teachers should always refresh their knowledge and design such activity in the class to raise the children’s interest in the particular subject.

The workshop ended by the vote of thanks by the Principal Mr Dharmendra Rawat. It was indeed an enriching, inspiring and interesting experience for the teachers.
